

# EXPLORE, TINKER, CREATE!

## INVENT & BUILD WITH EVERYDAY MATERIALS; 100 HANDS-ON STEAM PROJECTS

With 100 hands-on projects for kids 8 to 12 years old, *The Tinkering Workshop* takes the makerspace just about anywhere. Kids learn how to become a tinkerer with tools and materials at their disposal, from maker-space educator, Ryan Jenkins, and explore the principles of science through their crafty inventions. The activities in the book range in skill and difficulty, from building cardboard forts and cool kaleidoscopes to making art robots and engineering electric switches.
